

Environmental Policy

The Avoca Group is committed to improving our environmental performance and reducing our environmental footprint by complying with all relevant environmental Legislation, Regulations and Requirements.

Our Organisation will regularly evaluate the environmental impact of our activities, products and services and we will take action to continually improve our environmental performance by implementing an Environmental Management System that meets the requirements of BS EN ISO 14001:2015

Our Company Policy ensures:

- We minimise the use of energy, water and other resources
- A reduction in waste through prevention, re-use and recycling where possible
- Waste is disposed of safely and in line with Legislation and Regulatory Requirements
- The use of hazardous materials is avoided where practical
- We work with environmentally responsible suppliers
- Environmental damage is prevented and nuisance factors such as noise and air pollution controlled and minimised

We will define environmental objectives, targets and improvement actions that are related to this Policy and to our significant Environmental Aspects. Our Company will regularly evaluate progress and effectiveness against these through our 'Management Review' process.

The Management team will demonstrate its commitment and responsibility for establishing, implementing, integrating and maintaining the Environmental Management System, through this direction and support all employees will possess a good understanding of the importance of the Environmental Management System and adhere to it.

Our Policy will be regularly reviewed and updated to ensure its suitability for effectively addressing the needs of our business and our customers taking into account Organisational priorities and Environmental Legislation.
